71210 Bioelektroniikka - Bioelectromagnetism
Laskuharjoitus 1 – Exercise 1, 15.9.2004

SH 304, 9.15 – 11.00

This course uses a web based learning environment to support conventional lectures. The system is called A&O (developers site: http://ao.tut.fi/) and is located at http://ventricle.ee.tut.fi/rgiaeto/.

For the 1st session, your task is to familiarize yourself with the A&O:

1. Go visit the web site http://ventricle.ee.tut.fi/rgiaeto/ and register to the system
2. Read the online manual to get an overview of the system
3. Check how to send e.g. a mail in A&O to the assistant of the course
4. Browse the 1st chpt of the online book, and
5. Answer the 1st questionnaire
6. For the final task, open the file containing the questions for the 2nd exercise session.

In the first exercises, we'll go through the task list above.
